

STEEL-SEAL™

ULTIMATE CORROSION PROTECTION

Lanotec Steel Seal forms a clear protective skin which is salt, moisture, acid and fertiliser resistant. The coating is self-healing, and will not flake or chip off. Resists high pressure wash off, so protects for longer.

For all types of metal surfaces:

Parts Storage Protection

4WD Underbodies

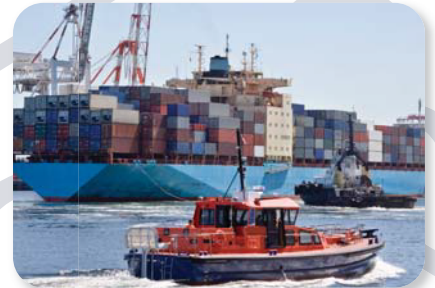

Trucks, Trailers, & Caravans

Plant & Machinery

Marine Grade Protection

Shipping & Transport Protection

Non-Toxic | Biodegradable | Safer to Use
